

Setup and Annual Prices

If adding the TeenPak to an existing Piper Mountain Webs library website:

One-time setup and customization of TeenPak pages	\$400
Annual TeenPak content management / content fee	\$100

If adding the TeenPak to a website not affiliated with Piper Mountain Webs:

One-time setup and customization of TeenPak pages	\$500
Annual content management / content fee	\$250

Setup includes:

Customization of the TeenPak to your library, including inserting your library name into the TeenPak banner, modifying the extra page as desired, setting up the content management system for use by your library, and conducting one online training webinar to familiarize library staff with the TeenPak content management system.

Annual fee includes:

Twelve months TeenPak hosting and access to the content management system. Training and support as required throughout the year. Professional content on selected pages updated automatically (bookshelves, author pages, and a portion of the homework help page.)

Learn more about TeenPak

Visit www.librarywebsites.com and follow the TeenPak links to view an online demonstration, see a sample website that includes all TeenPak pages, or register for a TeenPak webinar.
